## Hanky Panky at the White House, .....A Further, Modest Proposal

As you may be aware,. Certain problems have been lurking at the White House, in and around the Oval Office. The **DOGTRINE** followed from the time of George Washington, requiring **DOGTRINAIRE** adherence to the rule that **INTERN AND STAFF** intercourses must be avoided as it can lead to kissing, has NOT been, apparently, followed in all cases!! And, the public has been misled.

As you know from my **DOGTER's** previous scholarly report on Monica Loonsky and the NRA, lawyers in the Paula Bones case defined groping, grappling, pulling, prodding, pushing, pummeling AND tinkering with any intern parts below the lips as **Sexual Hanky Panky/Hokey Pokey**. **HOWEVER !! WITH EXHAUSTIVE AND DETAILED UNDERCOVER RESEARCH**, it has become apparent that there was not only **Sexual Hanky Panky/Hokey Pokey** but also **Stogey Pokey !!!** in the Oval Office.

**HOWEVER**, the President's lawyers may be technically correct in disputing!! An extensive West Law search by my **DOGTER, AMICUS CURIAE (DOGTOR of Bird Pointing and Law)**, revealed that, in the matter of Oral Sex, it must be performed under a dentist's supervision, as decided in **STATE V. AXELROD**, . The Axelrod case holds that Oral Sex has to be done under anesthesia. And, if it was performed under anesthesia, there is no legal consequence.

Now, as the Independent Prostitute, K. Star has been so circumspect in employment or application of his prostitutorial charge or orders, he has purposely avoided investigating or calling as a witness, Monica Loonsky's dentist to determine if anesthesia was used. Therefore, the President's lawyers are correct ..it cannot be determined.<sup>1</sup>

**HOWSOMEVER**, it was concluded that a moderate and conservative solution to this generally outrageous liberal behavior by the Commander-In\_Chief (though it conforms to the Military **DOGTRINE**, "**Don'T Ask, Don'T Tell**" and, certainly, the Commander did **NOT** tell) **MUST BE IMPLEMENTED !!** to gain back the support of the Moral Majority.

<sup>1</sup> Over the course of several days, this last weekend in North Dakota, Amicus Curiae has held many spirited discussions with R. BarkO, the preeminent legal authority at the Prairie Host Motel, to test out her conclusions.

A proposal has been drafted, which the conservative **majority will find fiscally responsible , acceptable and in line with all Congressional Family Values .**<sup>2</sup>

Based on the history of several past presidents, it is clear that the country (and of course President Clinton) will function better if, also elected with the President, to serve with the President, we have A President, a Vice-President and A Presidential Consort.<sup>3</sup>

The reason for The Presidential Consort to be elected is that it is clear, given a review of recent events, that, when left to his own devices, The President simply doesn't make good choices of consorts. And, it will be necessary to have the Presidential Consort elected annually, as, Of Course, this position will be a much more demanding job than being President. FURTHER, AS outlined below, this will facilitate turning quantities of soft money into hard money.<sup>4</sup>

**As a further result**, this proposal, when enacted, will permit the Independent Prostitute to retire, accept the Provost position at Peppertime College, (UNLESS he decides to accept the position offered him by the Conservatives as Proctor of the **Congressional Liaison** Office. (Congressman D. Burton, one of the President's severest critics, resigned that position since he overused the powers of the office and himself Hanky-Panky a lady out of wedlock).<sup>5</sup>)

The Industrial complex will embrace this proposal, when they observe that an Intergal part, accompanying the annual election of Ms. Presidential Consort, is the yearly gala ball. This event will replace the Ms. America Contest and will be held each year in January, in conjunction with the **Super Bowl**. This will provide a marriage of two of America's most loved institutions: Football & Sex/ It will be equivalent to the Roman Circus in the Coliseum, whose purpose was to take the public's mind off the impoverished calibre of the political state and discourse.

And, to bring the Ms. America contest back to its original standards, its successor, The Ms. Presidential Consort gala event, will dispense with tap dancing, violin playing and singing, and **elevate** the **swim suit** contest, once again to its former dominant position !!

In ADDITION, to foster those fine family values espoused, there will be, also, at half-time at the SUPER Bowl, a MS. TEEN Consort National Finals Contest, as a supplement to the annual National Finals of the Pass, Punt & Kick Contest which are held at held at Super Bowls each year.. The Nationals Ms. Teen Consort Contest, with the LOONSKY Scholarship Fund, for the winners of hundreds of state and local contests held throughout the year, will be based on ability in 3 critical areas: Tease, Touch and Taunt !!

---

<sup>2</sup> These **FAMILY VALUES**, adopted by the Congressional Majority as its platform, are those espoused and demonstrated by former President Ronald Reagan, his wife & family as an example for the country.

<sup>3</sup> This proposal, as will be apparent to the Speaker, Newt Gingrich, the Majority, Trent Lott, and Texas Dick Army, is much more fiscally sound than methods used over the centuries by heads of states, where a HAIRUM was at the disposal of the Commander in Chief. But, given our deficit, a Presidential Consort is indicated.

<sup>4</sup> As originated in this administration, the TWO-FER concept indicates that when a President or Vice President is elected, the public, as pointed out often by our current administration, receives the benefit of the spouse's talent also. In the case of the Presidential Consort, since she will most likely have had previous solicitation experience, some of the task of turning soft money into hard money can be placed in her hands.

<sup>5</sup> The Proctorship of the Congressional **LIASION** office is only offered to those who Don't Cast the First Stone, and/or are not stoned nor never have been. K. Star is, therefore, well qualified.

As is clearly evident by now to any reader, this will promote **FAMILY VALUES**, for now, while the MAN of the house is drinking beer and watching the Swim Suit Contest and Football, wives and daughters will be entranced, too, by both the Ms. Presidential Consort Gala Ball **and** the Ms Teen Consort National Finals Contest. There will not only be the various events and contests, but innumerable opportunities for additional advertising at sporting events **and**, a vastly increased staff of pundits, prognosticators and political observers, who will comment continuously on all these events. The FAMILY Values dictum that the "Family that Plays Together, Stays Together" will be enhanced.<sup>6</sup>

The Media will not have to work nearly as hard to fill up the 168 hours, weekly, of required "news" on the "news" programs and will not have to hype extraneous crises, for these events ( The Ms. Teen Consort Contests throughout the country during the year and, of course, the Ms. Presidential Consort campaigning and elections) will dramatically increase public viewing of Television and leave ample opportunities for wonderful photos and pictures in newspapers and magazines.

Business will salivate at the increased potentials of these events and it will foster the closer connection between business and politics. Not only will there be increased potential for beer advertisements at the Super Bowl, The Presidential Consort Gala Ball and the Ms. Teen Consort contest, but, now, opportunities for advertisements of womens fashion industry will abound. Examples are **Consort Cologne, Presidential Obsession Body Splash, Tempress Lingerie, Seductress Silks** and many more, including, of course, items for the Ms. Teen Consort viewers.

Finally, this will take the pressure off Congressmen and Women, like Henry Hide-and-Seek, Chairman of the Judiciary Committee, as they will have more diversions for the public behind which to **HIDE** their **Hanky Pankies** and **SEEK** others to prosicute.

---

<sup>6</sup> Clearly, all segments of the population will find this proposal attractive. (Unlike K. Star and because religion is a very private matter, I am not going to refer, at length, to the fact that various upstanding and distinguished religious leaders, like Jim and Tammy Faye Baker, Jimmy Swaggart and the Archbishop of Ireland and numerous other clergyment have exhorted their sometimes sinful and wayward public to stay on the path of righteousness)...And, although it is clear in the media that the Presydent Glintgun **always** attends religious services, prayer book in hand, every Sunday, it is, of course, possible that the Presydent may have missed this particular sermon..
